Gas Turbine Generator

3 Each:
1 MW LYCOMING, T 53, LIQUID FUEL,
1.25 MVA, NEWAGE STAMFORD, HC1634K, 3 PH / 6050 HZ, 480 / 300 V.
BUILT IN 2010.

Turbine
- Rated Capacity: 1,000 KW
- Manufacturer: LYCOMING
- Model: T 53
- Fuel Type: Liquid Fuel
- Turbine Speed: 20,000 RPM
- Start System: Batteries & Dc Motor Included
- Governor: Included

Generator
- Nameplate Rating: 1,000 KW
- Manufacturer: NEWAGE STAMFORD
- Model or Type: HC1634K
- Phase/Frequency: 3 Ph / 60/50 Hz
- Voltage: 480 / 300 V
- Rated Capacity: 1,250 KVA
- Power Factor: 0.80
- Generator Speed: 1,800 RPM
- Exciter: Included
- Generator Cooling: Air

Auxiliary Components
- Skid Mounted: Skid or Trailer Mounted
- Enclosed Unit: Sound Attenuated
- Controls/Instruments: HPT
- Reduction Gear: Included
- Lube Oil System: Included
- Fuel System: Included
- Air Intake System: Included
- Exhaust Structure: Included
- Black Start Capable: Yes

Operating History
- Year Built: 2010
- Year Retired: Brand New Never Installed
- Total Operation: Zero Hours Hrs.

General Information
- General Location: Eastern USA
- External Condition: Brand New
- Internal Condition: Brand New
- Stored: In a Warehouse

Records & Documents
- OEM Manuals: Available
- Blueprints: Available
- Photographs: Available by Email

This “Feather Lite Gen Set” is so light weight that it can be helicopter lifted to any site for delivering emergency power to an offshore drilling platform, ship, mining site or any remote facility.
